In Attendance: District Cllr Simon Wright
Roger Pope (Principal, Kingsbridge Community College)
Martin Johnson (Secretary)

13/94 APOLOGIES FOR ABSENCE

Apologies were received from Cllr Graham Price.

Public Open Forum

Roger Pope presented planning application **28/0016/14/F** for proposals to extend the existing Sixth Form Centre at Kingsbridge Community College. The school leaving age had been raised to 18 years which had led to rising numbers of students and there were approximately 360 in the 6th Form. The current Centre was too small to accommodate such numbers and the development would create space for private study, teaching space and a canteen. Funding would be applied for from central government and a precursor was planning permission. Access during construction would be made from Mr & Mrs Horton's field to the south.

Members were pleased that negotiations had been held with the adjacent landowner. Cllr Farrand reported that a growing number of older students had led to more cars, parking problems and traffic congestion in Westville. He suggested for a one-way system for Ashleigh and Balkwill Roads be introduced to aid traffic flow. However, a suggestion for a Residents Parking Scheme had received a mixed reception from local residents. It was agreed to hold exploratory discussions with DCC regarding a one-way system.

13/99 ANY FURTHER CURRENT PLANNING MATTERS

99.1 DCC's local highways officer had made KTC aware of BT Openreach's intention to install a cabinet in March 2014 at the Duncombe Street amenity space, adjacent to 117 Fore Street, which was maintained by Kingsbridge In Bloom volunteers. The cabinet was required as part of the superfast broadband project for connecting Devon. Members considered that the cabinet would be an eyesore and should be either located elsewhere or positioned further into the space to effectively hide it from public gaze. It was **RESOLVED** to request a site meeting with BT Openreach and re-location of the proposed cabinet at Duncombe Street amenity space.

99.2 SHDC (letter 28_59/1232/13/O dated 20 January 2014) had confirmed the applicant's Appeal against Refusal of Outline planning application (with all Matters Reserved except Access) for erection of up to 82 dwellings, 0.7 hectares of employment land (use class B1/B2), 2 no. vehicular accesses, open space, play provision and drainage at Allocated Site K5 at SX 7299 4407 and land directly west of allocated site, West Alvington Hill, Kingsbridge. The Appeal start date was 16 January 2014 and would be determined on the basis of an Inquiry. Members had already been made aware of the Grounds for the Appeal at the previous week's full council meeting. Any comments made at the application stage would be forwarded to the Planning Inspectorate. KTC could make representations or modify/withdraw its previous representation to be received by 27 February 2014.

At the full council meeting on 18 June 2013 KTC had Resolved to recommend Refusal (noting that the proposed development area had been extended from the Kingsbridge Site Allocations DPD adopted February 2011 for site K5) on the following grounds:

- its visual impact would be unacceptable to the detriment of the public amenity,
- the application represented overdevelopment, and
- the proposed development would have a negative effect on traffic flow and capacity on West Alvington Hill.

Cllrs Griffin and Jeeninga noted that they had voted against the motion.

It was **RESOLVED** that KTC should not take any further action regarding its original comments for planning application 28_59/1232/13/O at Allocated Site K5.

99.3 At the last 2 committee meetings, members had supported SHDC's proposal for the exit to be closed on to Fore Street from the Car Park and had recommended a virtual footpath for the south side of the access route (Option 1). However, the Fire Station Commander had made representations that the access on to Fore Street should be retained in order to maintain firefighters' response times to reach the fire station. Moreover, SHDC had now identified potential legal issues regarding rights of way to/from the car park for properties bordering the car park at 70-86 Fore Street. It was **RESOLVED** to:

- call-in the previous Resolution (in accordance with Standing Order 36) to support the exit from Fore Street Car Park to be closed on to Fore Street,
- to review the decision at the full council meeting to be held on 11 February 2014, and
- to invite Gerald Taylor (Kingsbridge Fire Station) to make D&SFRS' representations.
