I rose to the rank of ship's Captain, having started my working life at Plymouth School of Navigation. I came ashore as a Financial Planner and then qualified as a Coaching and Counselling Psychologist. I fell in love with South Hams back in the 1960's and later enjoyed frequent visits to our holiday home, finally moving here permanently with my wife, Margaret, 6 years ago. I was a member of the Hope Cove Lifeboat in 2014/5.

I have spent the last few years as joint organiser of Rotary's Salcombe Crabfest and Christmasfest but am now pleased to be able to devote my time, energy and experience to my role as your Councillor. I love Kingsbridge with a passion It is a pleasure to live in such a beautiful area and in a wonderful town that is so relaxing yet full of life, and inhabited by friendly, caring people. I will do my best to ensure that it remains so; I am proud to have been chosen to represent your wishes and to help keep Kingsbridge as the best town in the country.
