

Councillor Mike Jennings

email: michael.jennings30@yahoo.com

Most of you will already know me through various roles including, first aid, first aid training, RBL standard bearer, ATC instructor and the yard manager for Palladium Building Supplies in Kingsbridge. I am currently employed at Quay Auto Centre.

I grew up in the farming community providing horse training and dressage. My military family provided support and I myself joined the Army in 1990, 1st Battalion The Gloucestershire Regiment.

I moved to Kingsbridge in 2001 from Bristol to live with my wife Alisia Mae. Kingsbridge felt like home from my very first visit. The friendliness and close community spirit fills me with happiness. I love walking around the town watching the locals wish each other a good morning.

I would like to see Kingsbridge grow as a destination of great choice and quality produce for all visitors and locals alike.
